

Student Employee Performance Evaluation STUDENT EMPLOYMENT/FINANCIAL AID AND SCHOLARSHIP SERVICES

Period covered:	Employee Name:				
Job Title:	ID Number:				

We recommend evaluating your student staff, as the evaluation process adds accountability to the student's jobs. Evaluating students' performance in their jobs and basing any raises in pay on these evaluations reward students who do their job well, encourage improvement in students who do not, and provide an opportunity for students and supervisors to communicate about the job in question. There should be no surprises for the student. Evaluation generally takes the form of praise or criticism – both deserve equal attention.

The long-range goal of the student evaluation is not simply to grade work, but to assist the student in his/her development and to broaden the work experience. The procedure and criteria for the evaluations should be explained to the student during orientation and training.

	EXCELLENT 5	GOOD 4	AVERAGE 3	FAIR 2	POOR 1	SCORE
ATTENDANCE		· · · · ·			-	
DEPENDABILITY/ RELIABILITY						
KNOWLEDGE OF OFFICE
